- This offer cannot be combined with any other promotions, discounts, or offers from the participating fitness studios or gyms.
- Cancelled, blocked, delinquent, or closed cards are not eligible for this benefit.
- Complimentary discount access is non-transferable and cannot be exchanged for any other reward, benefit, or monetary value.
- In the event of an unsuccessful transaction, the cardholder will be responsible for the full session fee as determined by the fitness provider.

- Only one session may be redeemed per customer per transaction—either monthly or annually—depending on the membership structure. Cardholders may not combine sessions across multiple fitness providers within the same month once the offer has been redeemed.
- To qualify for the 50% discount, cardholders must meet a minimum spend of QAR 10,000 within the same calendar month.
- If the minimum spend requirement is not met, a flat fee will be charged to the customer in the following month in lieu of usage.
- If a customer exceeds the permitted number of uses, Dukhan Bank will apply a flat fee in the following month.
- For example, if a customer purchases a 3-month membership at one fitness provider and then proceeds to purchase an additional membership—either at the same provider or a different one—this additional usage will be charged based on the type of membership purchased.
